

Instructions For Building the Mouse Puzzle Feeder

TWINE TAIL

Cut 5" piece of twine and knot one end. Put to the side until later.

MAIN BODY

1. Cut out all solid black lines.
2. Fold in "B" tabs.
3. Fold dotted "C" line in same direction as "B".
4. Push open end of twine tail through "D" slot until the knotted end hits the body. Tie the open end of twine into a knot.
5. With the ear pieces, fold in shaded gray area from "e" and slide into "E" and then unfold tabs out.
6. Apply double side tape over the shaded area on "A".
7. Fold "A" up onto the "B" tabs and stick together.
8. Decorate!
9. Pour small amount of kibble in the center hole on the topside of mouse.

Now your cats are ready to play!
